# School Accountability Report Card Reported Using Data from the 2021-22 School Year 

## Invictus Leadership Academy

Address: 6715 S Western Ave
Principal: Dr. LaTonya Derbigny

Phone: 323-615-4243
Grade Span: TK-6

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.
> For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
$>$ For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
$>$ For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

## California School Dashboard

The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Table 3: School Description and Mission Statement (School Year 2022-23)
2021-22 is the second academic year of operation for the Invictus Leadership Academy Charter School. As such, the information in this SARC reflects the relative age of our school.

The vision of Invictus Leadership Academy is to develop students who will be self-motivated, life-long lovers of learning, college and career-ready, and 21 st Century Leaders with uncommon academic achievement. Our parents strongly endorse this vision for our students and our staff will share it. Interviews with parents and family members through house visits and community events confirm their desire for a school that will ensure their children are college and career-ready, safe, respected, and nurtured into greatness as their highest priority.

Invictus' educational program is built upon three innovative pillars: personalization, leadership development, and project-based STEAM. And lastly, our trimesterly review of student outcomes with all stakeholders with their input will facilitate our data collection and cycle of continuous improvement as a learning organization.

## A. Conditions of Learning

## State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Table 6: Teacher Preparation and Placement (School Year 2020-21)

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

- College and Career Ready: The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Table 15: CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven taking and completing a stateadministered assessment
Percentage of Students Meeting or Exceeding the State Standard

| Subject | School <br> 2020-21 | School <br> 2021-22 | District <br> 2020-21 | District <br> 2021-22 | State <br> 2020-21 | State <br> 2021-22 |
| :--- | :---: | :---: | :---: | :---: | :---: | :---: |
| English Language <br> Arts/Literacy <br> (grades 3-8 and 11) | N/A | $3 \%$ | N/A | $3 \%$ | N/A | $47 \%$ |
| Mathematics <br> (grades 3-8 and 11) | N/A | $3 \%$ | N/A | $3 \%$ | N/A | $33 \%$ |

Note: Where it was the most viable option, in 2020-21, LEAs were required to administer the statewide summative assessment in ELA and mathematics and where a statewide summative assessment was not the most viable option for the LEA, LEAs were permitted to report results from a different assessment that meets the criteria established by the California State Board of Education on March 16, 2021. The 2020-21 data cells for the
school, district, state have N/A values because these data are not comparable to 2021-22 data.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: For any 2020-21 data cells with N/T values indicate that this school did not test students using the CAASPP for Science.
Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

## State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site

Table 24: Opportunities for Parental Involvement (School Year 2022-23) Invictus Leadership Academy solicited and included feedback from students, parents, and staff to evaluate the effectiveness of the LCAP Plan. Parent, Staff and Student input was first solicited through online surveys that were created for each group; asking both multiple choice and open ended questions regarding the effectiveness of ILA's efforts and actions. Survey responses were collected between February 16th, 2023 to March 30th (date of our parent meeting to celebrate student growth) Additional parent and student input was collected through small in-person group meetings for student on May 11th, 2023 and coffee with principal meetings held on March 8th, 2023, the SSC on March 6th, 2023, and May 12th, 2023.
Parents also are included in the trimesterly reviews of student learning outcomes and help celebrate the academic growth of students school wide. Additionally, parents are recruited to participate in the School Site Council which informs the instructional program and activities of the school, and Coffee with the principal meetings three times a year/

## State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates;
- High school graduation rates; and
- Chronic Absenteeism.

## State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Table 28: Suspensions and Expulsions for School Year 2019-20 Only (data collected between July through February, partial school year due to the COVID-19 pandemic)

| Rate | School <br> 2019-20 | District <br> 2019-20 | State <br> 2019-20 |
| :--- | :---: | :---: | :---: |
| Suspensions | NA | $24.2 \%$ | $27.3 \%$ |
| Expulsions | NA | $0 \%$ | $0.1 \%$ |

Note: The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Note: Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Table 31: School Safety Plan (School Year 2022-23)
ILA understands that positive relationships and school culture are vital to improving student outcomes. Additionally, as a growing school that opened during an exclusively virtual season, we are concerned that many of our youngest students have not been socialized or normalized everyday attendance of school, nor have they been taught "how to be a student" among a group of 25 other individuals. This will require explicit teaching and reinforcement. Lastly, as a school of choice, our parents have helped to determine many of our instructional and structural decisions, and they will continue to do so.

ILA's comprehensive safety plan is updated annually during our summer training, reviewed and approved by our governing board, and also reviewed and approved by our School Site Council.

The key elements of our comprehensive safety plan include Child Abuse Reporting Procedures, Disaster Response Procedures, Emergency Drills, Emergency Responses, and Harassment and Bullying Prevention.

## Table 41: Types of Services Funded (Fiscal Year 2021-22)

ILA implemented most of the actions within their LCAP program which include: Implementation of Reading Wonders, EngageNY for ELA and Math, Envision for Math instruction, implementation of computer lab carts to access iReady, Reading materials, celebrating student academic growth and process every trimester, Professional development of teachers explicitly around English Learner needs, and differentiating instruction to help students that are behind grade level to catch up, Restorative Justice, Project Based Learning, and supplies for the classrooms, especially technology to assist with differentiation.

Invictus Leadership Academy has utilized i-Ready as our internal assessment to measure student growth in ELA and Math, and to identify student learning gaps. Since giving our beginning of the year (BOY) assessment, we have given a mid-year assessment (MOY) and will be conducting an End-of-year (EOY) assessment the last week of May. Based upon assessment data from the BOY and MOY assessments, Invictus students began this fall significantly behind grade level in both ELA and Math performance, with $95 \%$ of students in grades 1-5 being at least one grade level behind. We are pleased that all our continuously enrolled students have shown significant growth. Our overall ELA achievement has grown from having $50 \%$ of our students starting two or more grade levels behind to having only $15 \%$ being one or more grade levels behind and having $25 \%$ at grade level. Our overall Math achievement has grown from $42 \%$ of our students starting two or more grade levels behind to having only $16 \%$ behind one or more grade levels, and $26 \%$ of our students being at grade level. Behaviorally, ILA implemented our three-tiered intervention system and successfully supported positive student behavior, explicitly teaching routine procedures and using positive reinforcement of expected behaviors.
