Goal #1: Broad Study and Academic Proficiency

Invictus provides learning experiences that continuously increase academic proficiency.

Our instructional team has successfully implemented reading interventions, small group instruction that targets student needs, English learner strategies, periodic practice state testing that informs instruction, and enrichment activities that include singing, playing musical instruments, and martial arts.

Invictus will continue focusing on improving attendance and the percentage of our students who are meeting their grade-level standards.

Strong enrollment growth and continuous improvement of academic achievement on iReady (Verified Data).

Reading Interventions are improving early literacy in grades K- 2 and with our English Learners

Trimester 2 Awards Brunch
Coming March 14th

iReady Results

Since the beginning of this school year, the percentage of students moving one performance band has increased by 25% (Math) and 10% (ELA).

Our team has implemented focused groups to help our student reach grade-level proficiency and accelerate achievement.

Attendance is such a big part of academic outcomes. We cannot stress how important your child attending every day is. Please ensure your child is present so we can get them into excellent outcomes.

From our first trimester academic data, further improvement is needed in our overall proficiency rates, particularly for grades 3 and above. Exceptional focus is being given to grades our upper grades (5-8) for mastery of math concepts and mastery of composition (writing skills) for grades 3-8.

Our students are now in even smaller groups for targeted instruction that is geared to address concepts they are ready to learn, and receive extra assistance with concepts that they are struggling with. Please remember to have your child present

More Tutoring!

Ladies and gentlemen, hold on to your seats because we have space in our afterschool program. We are ecstatic to share that our afterschool program will help your child with their homework with staff that are fresh for the day, ready to help your child master concepts from the school day.

Enrichment Programs

Music is part of our school day, and if your child has experience playing a musical instrument, please contact Ms. Cheung our Music Teacher! We are always adding interested students. Available instruments are: Clarinet, flute, saxophone, drums, trombone, and trumpet.

Look out for invite to our first recital!

Goal #2 School Climate and Culture

We are pleased to announce that ILA secured toys for our students through the generous donations of the “Toys for Tots” program and the “Women of Watts” Organization. Understanding that only some ILA families are in dire need of financial assistance, all our students and families were grateful to share a moment of letting kids be kids with Santa.

Multiple times each year, ILA celebrates the joy of being a child and learning within our community. These moments include our Harvest Festival activities, Winter Program, Spirit weeks (where we dress up thematically), and Class Field trips. These events allow the intersection of joy, learning, and connection among our stakeholders, creating an environment that facilitates accelerated achievement while nurturing the whole child.

Parent and Community Engagement

We are pleased to announce that Alpha Kappa Alpha Sorority, Inc., Mu Beta Omega Chapter, has adopted Invictus to help strengthen our community by donating snacks, for students enrolled at school over the weekends and extended breaks weekly.

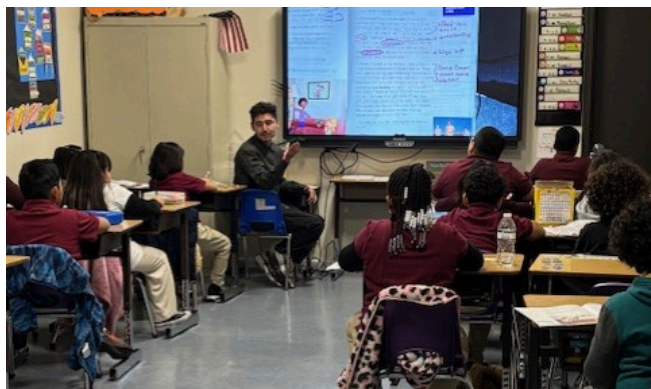

We have the VP of the chapter, Ms. Jones dropping off some goodies for the students!

Thank you AKA for supporting our babies!

Assertive Discipline Measures

ILA is please to have zero expulsions and single digit suspensions so far this year, with our suspension rate dropping to 0.84% of enrollment.

Invictus will continue to utilize alternatives to suspension and use misbehavior as opportunities to reteach correct behaviors when appropriate.

Invictus will continue to implement our positive behavior supports and PBIS matrix within our restorative justice approach to minimize learning losses and maximize opportunities for students to master academic content.

School Site Council

Our school site council has met on October 24, 2024. As discussed, we have implemented a monthly newsletter the “Lion Ledger”, which is offered in Spanish. It includes all activities, important dates and communications for parents to be well informed.

**Next Meeting on
February 6, 2025.**

English Language Learners Advisory Council

Our Invictus ELAC Committee met on October 17, 2024. As discussed, we have implemented a monthly newsletter the “Lion Ledger”. It includes all activities, important dates and communications for parents to be well informed.

**Next Meeting on
February 13, 2025.**
